

# CONTENTS

	PAGE
<i>Preface</i>	I
KATZ, B. Introduction . . . . .	3
RAHAMIMOFF, RAMI, LEV-TOV, AHARON & MEIRI, HALINA. Primary and secondary regulation of quantal transmitter release: calcium and sodium . . . . .	5
SMITH, J. E. & REESE, T. S. Use of aldehyde fixatives to determine the rate of synaptic transmitter release . . . . .	19
MCMAHAN, U. J., EDGINTÖN, D. R. & KUFFLER, D. P. Factors that influence regeneration of the neuromuscular junction . . . . .	31
COHEN, M. W. Development of an amphibian neuromuscular junction <i>in vivo</i> and in culture . . . . .	43
POTTER, D. D., LANDIS, S. C. & FURSHPAN, E. J. Dual function during development of rat sympathetic neurones in culture . . . . .	57
CHUN, LINDA L. Y., PATTERSON, PAUL H. & CANTOR, HARVEY. Preliminary studies on the use of monoclonal antibodies as probes for sympathetic development . . . . .	73
CHRISTIAN, C. N., BERGEY, G. K., DANIELS, M. P. & NELSON, P. G. Cell interactions in nerve and muscle cell cultures . . . . .	85
PALFREY, H. CLIVE, ALPER, SETH L. & GREENGARD, PAUL. Protein phosphorylation and the regulation of cation cotransport . . . . .	103
KLEIN, MARC, SHAPIRO, ELI & KANDEL, ERIC R. Synaptic plasticity and the modulation of the Ca <sup>2+</sup> current . . . . .	117
KRAVITZ, EDWARD A., GLUSMAN, SILVIO, HARRIS-WARRICK, RONALD M., LIVINGSTONE, MARGARET S., SCHWARZ, THOMAS & GOY, MICHAEL F. Amines and a peptide as neurohormones in lobsters: actions on neuromuscular preparations and preliminary behavioural studies . . . . .	159
GERSCHENFELD, H. M., PICCOLINO, M. & NEYTON, J. Feed-back modulation of cone synapses by L-horizontal cells of turtle retina . . . . .	177
LEEMAN, SUSAN E. Substance P and neurotensin: discovery, isolation, chemical characterization and physiological studies . . . . .	193
OTSUKA, MASANORI & YANAGISAWA, MITSUHIKO. The effects of substance P and baclofen on motoneurons of isolated spinal cord of the newborn rat . . . . .	201
ROSA, PATRICIA A., POLICASTRO, PAUL & HERBERT, EDWARD. A cellular basis for the differences in regulation of synthesis and secretion of ACTH/endorphin peptides in anterior and intermediate lobes of the pituitary . . . . .	215
HUGHES, J., BEAUMONT, A., FUENTES, J. A., MALFROY, B. & UNSWORTH, C. Opioid peptides: aspects of their origin, release and metabolism . . . . .	239
KUFFLER, STEPHEN W. Slow synaptic responses in autonomic ganglia and the pursuit of a peptidergic transmitter . . . . .	257
<i>Logographs of the Discussion Meeting</i>
